

Norfolk area Walks

You are welcome to try up to 3 walks before joining the group of your choice from the 10 groups in the area

Our groups help local people enjoy walking and protect the places we all love to walk. Most groups organise regular walks led by local experts – a great way to get outside, make new friends and discover how walking boosts your health and happiness.

Finding the start of your walk

Start and meeting points include nearest postcode and an Ordnance Survey grid reference accurate to 100m. Use postcodes with care: in rural areas the nearest postcode may be some distance from the actual start point. See OS maps for an explanation of how to use grid references.

Grades

- **Easy Access** - walks for everyone, including people with conventional wheelchairs and pushchairs, using easy access paths. Comfortable shoes or trainers can be worn. Assistance may be needed to push wheelchairs on some sections.
- **Easy** - walks for anyone who does not have a mobility difficulty, a specific health problem or is seriously unfit. Suitable for pushchairs if they can be lifted over occasional obstructions. Comfortable shoes or trainers can be worn.
- **Leisurely** - walks for reasonably fit people with at least a little country walking experience. May include unsurfaced rural paths. Walking boots and warm, waterproof clothing are recommended.
- **Moderate** - walks for people with country walking experience and a good level of fitness. May include some steep paths and open country, and may be at a brisk pace. Walking boots and warm, waterproof clothing are essential.
- **Strenuous** - walks for experienced country walkers with an above average fitness level. May include hills and rough country, and may be at a brisk pace. Walking boots and warm, waterproof clothing are essential. People in doubt about their fitness should contact the organiser or leader in advance.
- **Technical** - walks for experienced and very fit walkers with additional technical skills. May require

scrambling and use of ropes, ice axes and crampons. You must contact the organiser or leader in advance for further details.

Notes

- Walk gradings are provided as a general guide only. If you have any doubt about your fitness for a particular walk please contact the organiser or leader in advance.
- Bear in mind the distance of the walk, regional differences in terrain and the possibility of bad weather, which can make a walk more difficult than planned.
- If you're unsure of your fitness level, try a short and easy walk first - it's much better to find a walk a little too slow and easy than to make yourself miserable and exhausted.
- Leaders may refuse to accept participants who in their opinion are inadequately equipped or unfit.
