Officers' reports

Chair's report - Richard May

It has been great to have a year of relative normality, a normal AGM last year, normal area council meetings, normal walk programmes etc, it feels like the Covid years are finally behind us. That said, Covid has had some longer term impacts, the number of walks leaders in our groups is still down, and some groups are still limiting numbers on some walks. Whilst I understand why some walk leaders want to do this, and respect their right to do so, I hope we can move away from limiting numbers as it does make it harder for potential new members to come and experience our group walks.

On the subject of new members, 5 of our 9 groups have increased their membership in the last year, with two groups achieving double digit percentage growth. I look forward to announcing the winners in the chair's growth challenge during the AGM. Sadly, the overall total membership for the area has gone down, largely due to the loss of the Southern Norfolk group. It is sad to have lost a group during the last year. I would like to thank the committee and walk leaders of the Southern Norfolk for valiantly trying to keep the group going, but sadly the number of walks and walk attendance dropped to the point that the group was no longer viable. I trust that all of the Southern Norfolk members have found a new home in the welcoming Norwich group, and maybe in the years ahead we can see if there is the opportunity to create a new group in Southern Norfolk.

Looking at the national picture, Ramblers membership has grown for the second year, although the growth is slower than it might be. How do we reach out to all the new lockdown walkers and convince them to become Ramblers members? If you have any ideas for that question, please do share them with me.

As of 1st of April I will be stepping down as a trustee of the Ramblers, after having been a trustee for 9 of the last 10 years. It has been a fascinating time on the board, a time with many highs and some lows. I hope that 10 years later I leave the Ramblers a stronger organisation than when I started in 2013. Despite me finishing my trustee role, I'm very happy to continue as your area chair ... should you decide to elect me.

The Ramblers: Norfolk Area Annual Report 2022-23

I would like to welcome two important new Area officers. Jeff Martin as our Area Secretary and Jackie Orford as our Area Minutes Secretary. Both of these people volunteered after the last AGM, and hence have been acting as co-opted officers, but you will have the chance to elect them properly during this year's AGM. I would like to thank both of them for volunteering, and hope that they both enjoy their time with the area.

I would like to thank everyone who has a volunteer role in Norfolk area or in the groups within Norfolk. Whether you are a walk leader, a committee member, a footpath maintenance team member, a planning application scrutiniser, a campaigner or anyone else who helps out in any way, your contribution is hugely valuable.

Best wishes to all our members and supporters for a great year of walking and socialising ahead.

Treasurer's report - Peter James

We have finished the year with a healthy balance with £11,460. In the main funds and £10,639 in restricted broken down in more detail on the balance sheet. The book sales are still healthy with the majority going to Kings Lynn and selling well on the North Norfolk coast.

We also had a healthy income for restricted and donations that have allowed us to get a lot of projects done with the work parties.

We have spent £12,000 on work party projects this year more details in the Work party Report.

Our other main expense is the newsletter £4,400 over £3,000 of that on postage stamp.

The publicity was more this year with the shows restarting and some new branding material.

Full details are on the Income and expenditure sheet and the balance sheet if you have any queries, you can always email me after the meeting.

We have also received £3,000 from East Tuddenham Parish Council their contribution to the boardwalk. Which is being used to buy materials.

The Balance Sheet is attached as Appendix A and the Income & Expenditure Account as Appendix B.

Secretary's report - Jeff Martin

As mentioned previously by Richard, the Norfolk Area Secretary position has been split into two, with Jackie and myself being co-opted.

The Ramblers: Norfolk Area Annual Report 2022-23

The first thing that I would like to do is to thank Jackie for all of her work producing the superb Minutes for the Ramblers' meetings thus far.

Writing a report is a little tricky because we tend to just sit in the background organising venues, producing agendas and minutes, and dealing with any emails and other issues that may crop up... generally making sure that everything ticks along and the various groups are kept informed of things.

With that in mind, it would be useful to know if anything is being missed.

I am more than happy to continue in this way should nobody wish to take on the role of Area Secretary and hope that Jackie feels the same.

Membership Secretary's report - Barbara Cattermole

In line with national trends Norfolk Area Rambler's membership dipped through the spring and summer months in 2022, such that national totals fell below the 100 thousand mark. Since October membership has again picked up and totals for Norfolk, at the end of December, stood at 1,820 and nationally at 104,043. Most groups have remained fairly static apart from the Norwich group which gained 149 members in May, owing to the closure of the Southern group and en- bloc transfer of these members to the Norwich group by the Treasurer.

I have continued to send out walks programmes to those new members who do not wish to join a local group.

Two walking groups are affiliated to Norfolk Ramblers.

Membership in 2022 as at the end of each month shown

Group	March	June	September	December

The Ramblers: Norfolk Area Annual Report 2022-23

Footpath Co-ordinator's report - Ian Mitchell

The sub-committee which is chaired by Simon Walpole would normally meet 3 times a year but after Covid only managed to meet on 25 June 2022. The members currently are Alan Bowell, Ken Hawkins, Peter James, Richard Malin, Ian Mitchell, Simon Walpole and Julian White. The following members resigned during the period and I am grateful to them for their contributions: Ellie Arnold, Keith Thomas and Neil Cliff.

The sub-committee members with a particular interest are usually circulated by email with consultations which come to the notice of the Footpath Co-ordinator. A collective view is requested about path diversions or a stopping up.

Commenting at the planning stage can often warn developers that existing rights of way have to be taken into account, although the County Council seems to be hotter on this nowadays. Path diversions for development reasons are usually dealt with by the District Councils under which the planning applications were approved, although applications for quarrying or waste disposal are a County matter.

It is open to anyone on the sub-committee to take a particular interest in some aspect of our work or assume a particular responsibility. We are currently looking for someone who could monitor and respond to planning applications in North Norfolk and Broadland.

The remaining two stretches of the Coast Path in Norfolk to be settled are:-

Hunstanton to Sutton Bridge has been approved and passed to the NCC Trails Team to commence installation work

Weybourne to Hunstanton is still awaiting the Secretary of State's decision, which seems to be hung up due to Natural England wanting to exclude areas of seaward spreading room.

There have been a steadily growing list of applications with the County Council for Definitive Map modification orders, that is claims for public rights of way or upgrades to their status. The County Council have at least 180 applications to deal with. The Footpath Co-ordinator has in the past year made applications in Great Witchingham. Old Buckenham and Banningham.

A virtual inquiry at Cley in 2021, which was greatly assisted by Vic Cocker, finally produced a decision in favour of a number of new footpaths last summer.

The actual inquiry into the Thompson modification order made in 2018 opened on 15 November 2022 and lasted for 3 days. The order was to add a Byway Open to All Traffic based on the NCC's records. The NCC officer was cross-examined for nearly 2 days. Eventually on the advice of its barrister, NCC decided not to press the "All Traffic" rights but still maintain the order for Footpath rights. At the time of writing this report, no decision has been issued by the Planning Inspectorate.

We are still awaiting a date from the Planning Inspectorate for an inquiry into the Newton by Castle Acre order.

In the Autumn a number of people volunteered to become researchers to find evidence for more public rights of way. On 3rd February the Norfolk volunteers attended an introductory presentation at the Norfolk Record Office.

The Ramblers: Norfolk Area Annual Report 2022-23

Working Parties report - Peter James

We had a very productive year installing 6 kissing gates, 6 bridges, a 22 meter and 60-meter boardwalk, 2 sets of steps we did lose a few weeks when I was unwell, I thank my volunteers for their support.

Some work has been supported by Groups Norfolk Trails and parishes. Working with NCC we have some kissing gates to install. 1 of the Marriotts way at Reepham. 4 on the riverside path at Burgh Next Aylsham. 1 at the rear of Bacons Thorpe castle. And Barbara is talking to the parish council about replacing a stile at New Buckenham

We have permission from the landowner at Woodbastwick to replace 2 stiles with Kissing gates at the rear of Cottonham barns Funded by Wensum Group as a tribute to the late Tony Smith .

We are installing a bridge at the rear of Bracon Ash church and replacing a bridge at Kirstead.

We are going to replace the boardwalk on Itteringham FP 8 which was funded in the first place by Norfolk Ramblers it is now breaking up it will be sensible to completely replace it as repairing parts you then end up going back a few months down the line I hope I have enough materials in hand to do the majority of this.

There are more jobs coming in.

We are always looking for more Volunteers.

Area News Editor's report - Richard May

It was great to produce a full year's worth of normal area news editions, rather than the Covid era pink editions. Thank you to the group walks secretaries for getting the listings to me on time every period.

Some of you may remember the plan some years back to automate the production of the Area News listings using the online tool that Norwich group already use. This plan was put on hold when we found out that Central Office were changing the tool used for uploading walks onto the national website. (The Norwich tool integrates with both area news and the national website.)

The Ramblers: Norfolk Area Annual Report 2022-23

I am pleased to report that the new national website tool will launch in the next month or two, so we will be able to consider resuming our plans in Norfolk later in the year. For now, we will continue as normal, but we might start looking for a volunteer group to try the new system for a future edition.

Thank you to Malcolm Palmer for his work in obtaining the address labels, and boxing up the newsletters, envelopes, labels, and stamps for each group. Also thank you to the member or members in each group that stuff the envelopes.

Shows and Publicity - Peter James

We managed to do 3 shows this year Sandringham Flower show Aylsham Show and Weyland show the numbers were down for this year but still worth while doing.

Hopefully will be doing the same this year.

If a group wishes to do something locally, we will support you with the gazebo and anything else you need.

Publications - Peter James

See Treasurers report

Group reports

Breckland Brisk Walkers - Keith & Linda Thomas

The Attleborough Group is continuing to schedule walks on Mondays and is attracting around 21-25 walkers on average. Five walk leaders are available to lead a walk and a couple more are willing to act as back markers. A Christmas meal was arranged for the walkers in December.

The Thetford Group is continuing to schedule walks on Tuesdays and the third Friday of the month and has around 20-25 walkers on average. There are two walk leaders who lead the walks and a few more who help with the walks.

Unfortunately, the Swaffham Group no longer provides walks on Wednesdays and Sundays due to lack of walk leaders and helpers.

Fakenham - Richard Potts

Riverside Pathway. Over the course of the last three years, Fakenham Ramblers have noted the deteriorating condition of the Wensum riverside pathways, (RB8 and BR4), due to increasing levels of inundation. At the beginning of 2022, agreement was finally secured among landowners, local authorities and other agencies to proceed with improvement works. Fakenham Ramblers committed the sum of £1000 from their club resources, to support the improvement works, and

The Ramblers: Norfolk Area Annual Report 2022-23

were grateful to the Area Committee for their pledge of a further £2000. The overall costs will exceed £16000, but funding has been secured from a number of sources and work has commenced. Although work has been temporarily suspended during the wettest of the winter months, it is anticipated that improvements to RB8 will be completed in the Spring of 2023. So far, the donations from Area Committee and Fakenham Ramblers have not been drawn upon, but again, it is anticipated that these monies will be requested in the Spring, when work has been completed. Fakenham Ramblers will ensure that both their own, and the Area Committee's donations, will be suitably celebrated in the media.

Membership. Membership numbers have remained broadly stable over the year, but it has been pleasing to note that more recent joiners have been from a younger age-group. A regular monthly advertisement in the local parish magazine has done much to raise the profile of the group and to attract new members.

Walks Programme. The group has organised approximately 50 walks of varying lengths over the year and we are indebted to our walk leaders for their creativity and enthusiasm. We have established a 'buddying' programme, where experienced walk leaders accompany our newer members, to reconnoitre routes, thereby growing our pool of volunteer leaders. In addition, the group organised First Aid training, to upskill both new and experienced walks leaders.

Social Programme. Following the end of Covid restrictions, the group has reinstated its programme of social activities.

Great Yarmouth - Jackie Roberts

We walk two Tuesday a month and these are fairly well supported, and the most popular, with 15 regular walkers, sometimes 20 plus, and we do 5 to 6 miles. We do have a hard core of faithful few leaders who put on some very good walks. We are still struggling with the Sunday walks, mainly because of the shortage of leaders, but have managed to put one on each month and we walk 7 to 8 miles and get about 6 to 8 people turning up.

There have been a number of social events, an evening walk, followed by a gathering in a village hall, with each person bring a plate of food, ended up with a lovely spread. We also had a breakfast walk, earlier start, shorter walk, then an excellent breakfast at local farm shop café. Lastly we had a Christmas lunch after a morning walk at a hotel on the seafront. All these events proved very popular. This year, will be the 40 years since the group was formed, so will be looking to find a way to celebrate in style.

Norfolk - Steve Bunn

In 2022 the groups membership continued to grow, as did the number of members stepping up to become walk leaders for us. A number of which volunteered at our annual summer walk leader training day. With this growth in walk leaders, it has

The Ramblers: Norfolk Area Annual Report 2022-23

allowed the group to increase the number of walks we offer, with regular walks now being run on both Saturday and Sunday.

Last year we continued to attract new members from our social media posts on both, Instagram and Facebook. These platforms are used to list walk information post walk and photographs following our walks. They are a great way to show what a typical Hike Norfolk walk is like.

The social aspect of the group has always been one of its strengths, with our monthly meals proving to be a great way for new walkers to find out about us. In addition, the group's trips away also prove to be very popular, with over 30 people joining us in Canterbury, for our hike along a section of St. Augustine's Way. We also had 40 people joins us for our Christmas meal and awards ceremony.

King's Lynn - Mark Elvin

After two years of lockdown and social distancing, we were able to report several events in 2022. In March 2022, 23 members enjoyed a four-night holiday in Yorkshire organised by Chris Oakley and Ray Longman. They are now organising another holiday on the Isle of Wight in May 2023.

Our stand at Sandringham Flower Show attracted a lot of interest. All members helping on the stand were wearing matching logo tee-shirts. A steady flow of people visited our stand which had attractive display boards provided by Peter James.

KLRA supported the BBC Countryfile programme in their annual bid to raise money for Children in need. Donations were collected on each walk between the 2 nd and 9 th of October. We raised £255.00 plus 20% gift aid. Thank you to Chris Oakley for organising the event.

In 1982, landowner the late Lord Peter Melchett created public footpaths around Courtyard Farm, an arable farm just outside of King's Lynn. At the time he was president of the King's Lynn Ramblers Association. To mark the 40 th anniversary of the creation of the footpaths, KLRA were asked if we would organise a 5 mile walk around the farm. Joining us on our walk were Norfolk Pathmakers. The walk was led by Chairman, Mark Elvin, who later installed a plaque on one of the gates of Courtyard Farm marking the occasion and as a way of saying 'thank you' for all the walks KLRA have enjoyed there.

We have purchased and installed a bench at Ringstead Downs, a local beauty spot frequented by our walkers, in memorium to all the King's Ramblers who are no longer with us. KLRA have also donated £1000 to supply and install two kissing gates on the permissive path at Houghton.

On the 19th May this year, King's Lynn Ramblers will be celebrating their 50 th Anniversary. As a way of marking the anniversary KLRA will be organising a week of walks amounting to 50 miles with a celebration day on the 20 th of May.

Ramblers walk book sales have done very well over the past year making a welcome boost to KLRA bank balance. Mike Jeffries has done an excellent job of marketing the books to local retailers.

Our current membership is 274

The Ramblers: Norfolk Area Annual Report 2022-23

Legstretchers - Maria Holland and Steve Bensley

The Legstretchers is the long distance walking group of Norfolk Ramblers. Our purpose is to offer members of the various county's groups the chance to get together for longer, challenging but fun walks. We walk the first Sunday of every month.

Since the beginning of 2022 the group has been developing & expanding well. The group has become increasingly popular, with over 20+ members consistently attending walks. We also have been welcoming a few walkers from Suffolk Ramblers groups on our walks. Our leaders have doubled in number from the original four regular ones. They are all experienced leaders from the different county groups.

Full details of our walks are posted a week before their date on the Legstretchers meetup platform & our WhatsApp group. It is necessary to book places in advance through meetup.

We have introduced social events & activities during this last year into our programme.

Our first away weekend will be held 20th- 23rd April. This is a "challenge" trip where we will be tackling the Yorkshire Three Peaks; a distance of 24.5 miles in under 12 hours. The following day we will enjoy a shorter leisurely social 12 mile walk. This up & coming event has proved to be extremely popular, with places being filled within 24 hours of posting details.

All in all, we are delighted with how the group has developed over the last year.

Mid Norfolk - Jenny Atterwell

Our Sunday programme of walks continue to be well supported by both Mid Norfolk members and from other groups. Wednesday walks had been trialled but had not been well supported so did not continue.

Comments had been received by our group about our walking pace being too slow and about having to wait for walkers to catch up. Having shared these comments at a Norfolk Area committee meeting it was found that other groups had also had similar things said to them. Mid Norfolk does not support such views and walks will remain at a pace that is comfortable to all the group. The benefits of walking to mental and physical health is well documented and all members will continue to be supported to join in as they are able. Some of our regular walkers are in their 80s and are to be encouraged to remain active as long as possible and also enjoy the social benefits of group walks. All walks will be described as leisurely in the programmes therefore informing prospective walkers of the pace set.

The Ramblers: Norfolk Area Annual Report 2022-23

At our last AGM it was decided and approved to raise the mileage rates to 35p per mile from 28p. It was with much surprise that we find ourselves practically the only group to submit expense claims for travel. Given the current cost of petrol and all other living expenses walk leaders are encouraged to claim mileage rates for pre walking a route though some turn this opportunity down.

Since March '22 16 new members have joined the Mid Norfolk group. All were welcomed by e mail and 4 of those new members are now regular walkers with the group.

We remain immensely grateful to walk leaders for keeping the programme filled with lovely walks and to everyone who joins us to enjoy them.

Norwich - Peter James

The group have an active full committee we have taken in the area of southern Norfolk group after the sad closing of that group before finishing they funded 2 Bridges on the Angles way at Scole.

We have a membership of 525 having 33 new members in the last 3 months some members that came over to us from Southern Norfolk have changed to a group mor to there liking so our numbers are stable.

We have had some verry successful trips away to successful in ways we have had to restrict numbers we had a trip to Lincolnshire The lake district Dorset and the peak district with between 30 and 45 on each trip.

We sadly lost our X chair Richard Soloman who had been active in Norwich Group for many years.

We as all groups do need more leaders to come forward especially for our shorter Wednesday and Saturday walks our walks are well attended in the high 40's which can make parking a problem so we encourage car sharing.

Sheringham - Graham Kinch

2022 has been an interesting year for our group in so far as the numbers game has improved with 172 members. Unfortunately, the average numbers of participants on walks, primarily midweek, have slipped back, often to less than 10% of our membership. Records show 24 new members in 2022 of which 17 are ladies. Despite joining the Ramblers, we have seen very few new members on walks. However, at a couple of social events we have had a good turnout.

It is quite clear that covid has impacted significantly on the several regular walkers who have decided that time is up on the old aching limbs and have called it a day. This unfortunately also applies to our declining group of walk leaders which is currently at an all-time low. This has not been helped by 2 walk leaders not being able to lead because of short term medical issues. We are just managing to fulfil

The Ramblers: Norfolk Area Annual Report 2022-23

most of our Wednesday program but of late we have encountered a couple of blank dates which was really sad to see.

Sunday rambles have low attendance from our group but there are several attendees from other groups which is pleasing and indicates that we can continue to provide this service.

For the coming year we have new a new secretary, membership secretary and footpaths coordinator which hopefully will bring new impetus to the group.

Southern Norfolk -

Group closed.

Wensum - Heather Ware

The year 2022 to early 2023 has felt like a return to normal walking programmes for the Wensum Ramblers Group. The group has walked every week with a long walk of approximately 5 1/2 to 6 miles and a shorter walk of approximately 3 miles. There is even a small group, which was nicknamed Tony's Toddlers, who stroll around a village with a church and cafe visit where possible. The shorter activities have evolved as members have grown older and are keen to maintain their well-being by some form of activity on a Thursday. Walks have usually been up to 25 miles from Norwich with the occasional walk slightly further eg Cley in North Norfolk. Our walks were reported to our AGM with an average attendance of 54 for our Thursday walks. Sunday walks are once a month with fewer participants. We will be trialling Sunday morning walks where possible from April 2023 as this was the preference of our AGM. It was not possible to hold any coach trips in 2022 but we are working hard to plan at least two to coach trips in May and June 2023.

A very successful sightseeing holiday, with some walking opportunities, was held to Shrewsbury for 30 members and friends in May 2022. We are planning another to Swindon on the edge of the Cotswolds in September 2023.

There have been a number of changes to our committee in 2022. Our chairman, Malcolm Palmer, stepped down as chair in November but has remained on the committee.

Sadly, our very long serving secretary, Tony Smith, suffered declining health and died in October 2022. Tony carried on with Ramblers' duties almost to the end and attended walks up until two weeks before his passing. Tony was a pillar of our club; he will be greatly missed and the group are planning to fund two kissing gates in his memory.

Our former treasurer, Penny Watkin, also died in 2022 after a shorter illness.

Mike Stopp stepped up to take on the role of group Chairman from our AGM in November 2022. Heather Ware took on the role of secretary, having assisted as acting secretary, from November. Joanne Stopp remains as treasurer.
